M.V.B.C. NEWS

M.V.B.C. has been the scene of much interesting activity for the last ten days. From great distances people made their way to the Annual U.M.C. Camp Meeting, and once more the dormitories resounded with activity continuously. We were happy to have the accommodation necessary for these many friends, and we trust that all of them were comfortable and happy just where they were put by those who look after the accommodations. Mr. and Mrs. Abe Sawatzky, they spent part of the time with friends at Pine Lake, then with the former's parents at Sunnyslope. Mrs. Pearl Lemont, former member of the Faculty of M.V.B.C., passed through Didsbury at the beginning of the Camp on the way to Indiana, Ohio, Ontario and Eastern States. She will be making an extended visit with friends this summer.

The road around the back of the College has been completed. Mr. Hoskins has had it covered with red shale and has designed a border of evergreens and hedges. This will be very attractive in the course of a few years.

Friends of the College will be happy to know that a larger electric pump has finally been installed. With the extension of the buildings the smaller pump was inadequate. Mr. Sam Eby, a member of the College Trustee Board, is chiefly responsible for the installation, and friends of our large constituency graciously responded to his appeal for funds. Those of us living in the College can only say a humble "Thank You" for this improvement.

Young people are already beginning to register for next winter's College courses. We are anticipating a splendid enrolment. For this reason we trust that friends will continue to remember us with their donations of eggs, ribbards and

CANADIAN IMMIGRATION

Between September 1, 1945 and January 31, 1951, 44,200 immigrants have been admitted to Canada. The number included 65,000 servicemen's dependents and 118,000 displaced persons.

The above information was given in a report presented to the conference of the International Federation of Agriculture Producers, held in Mexico City last month. It was further stated that there had been a decline in immigration to Canada in the past year or so. For the fiscal year ending March 31, 1950, 86,422 immigrants were admitted as compared with 125,603 for the previous fiscal year. A decrease of 50 percent in the number shows that from the British Isles is a matter of concern. The Canadian immigration policy gives a preference to immigrants who intend to make their living from the soil; people who intend to establish small industries and businesses; and also labor required in larger industries where there is a manpower shortage.

NO BACON FOR BRITAIN

There appears to be little likelihood that Canada will be selling bacon to the United Kingdom this year. Agriculture Minister Gardiner told the House of Commons recently. He said that if there is any bacon available at the price Britain is willing to pay, it will be sold to her, but he sees little possibility that any will be available at this lowered price. At present, he says, Canadians are consuming pork as fast as it is put on the market. Very little is going to the United States.

BAR XL PALOMINO GUEST RANCH

BAR XL RANCH TO BE NEW DUDE RANCH

Purchase of the Bar XL ranch lands and buildings, construction of a horse paddock and training ring, and the addition of nine quarter sections of grazing land, 48 miles west of Innisfail on the Clearwater river, by Lawrence B. Gibson, Calgary, was announced last week.

The sale, for an undisclosed sum, by Lee St. Clair, of Caroline, Alberta, included the main ranch house and barn, and five cabins built on both sides of the Ricinus creek, which originates on the property. Two quarter sections were bought

outright and nine quarters were added or taken over by Mr. Gibson on long-term grazing leases from the provincial land branch.

Under the name of Bar XL, Palomino Guest Ranch, the property will be operated by Mr. Gibson as a dude ranch and for raising purebred horses and cattle. Gordon Thomson, former owner of the Western Riding Academy in Calgary, will manage the spread, with Sam Nelson, Jr., acting as guide and outfitter, for hunting parties and trail rides.

Two more cabins will be added this summer to provide accommodation for parties headquarters at the ranch for trips into the big

game country west of the area. A dozen pack horses and equipment were taken over with the ranch.

Five registered horses, including the three-way registered palomino stallion, Ronald Lee Rose, three other palominos and a Tennessee walking mare, acquired by Mr. Gibson at R.M. Spence Golden Gate ranch horse sale last summer, are quartered at the Bar XL to provide a nucleus for developing registered show horses. Sixteen ribbons were won by the horses at Calgary's spring horse show.

The property was purchased six years ago by Mr. St. Clair. It then comprised 320 acres, the Clearwater river running through the south-

east corner and Alfond Creek dividing the north quarter. Ricinus creek starts from springs a few hundred yards west, and the ranch buildings and cabins were erected on both sides of it. Two other springs feed creeks which start on the ranch. Dr. B.W. Banks, Calgary surgeon, operates the Sandy-Sue ranch adjoining to the east, and Jack Brown, well-known guide, has his headquarters immediately west of the Bar XL. The ranch is reached from Innisfail by gravel road, which is to be hard surfaced this summer to Caroline, leaving about 12 miles of gravel road to the ranch buildings which are two miles from the Ricinus post office.

Indian Days At Banff
From July 19 to 22

Indian tom-toms will beat out a welcome message from the lodges of the Stonys to thousands of visitors at the annual Indian Days celebration which will be held at Banff July 19 to July 22, inclusive.

For the 62nd consecutive year the Stonys, noted hunters of the mountain area, will leave their reservation 40 miles east of Banff for the overland trek to the mountain resort, and for four days they will entertain the visitors with displays of horsemanship, parades, cowboy contests and horse races.

In the evenings, the Indians will present native concerts in the special outdoor auditorium at the Banff Springs Hotel. Dressed in their native beaded and buckskin outfits, men, women and children will take part in the program. They will sing their tribal songs, present their tribal dances, and as a grand wind-up every evening, they will invite the white friends to participate with them in the Owl Dance.

A lot of water has cascaded over Bow Falls since Bearpaw led his Stonys into Banff for the first Indian Days celebration back in 1889.

Banff was but a hamlet then, and Calgary was attended the unique event travelled from Calgary by train, which in those days was an adventure in itself.

Now automobiles, trains and airplanes bring visitors to Banff from all parts of the world for the four-day all-Indian celebration, which is rapidly becoming a "must" during the Canadian holiday season.

The Stampede and Rodeo contests which are one of the features of the celebration, are held in the Buffalo Park, a mile east of the centre of the town. Here an Indian village blossoms almost overnight. The Stonys bring out their best ceremonial teepees and they are set in a long line across the main "street" of the village. A special section of the camp is set aside for visiting Indians. Sarcophagi from Calgary, Blackfoot from Gleichen, northern Stonys from Nordegg, Bloods from Cardston and Crees from Hobbema.

When all the visitors have been welcomed, more than 100 teepees will have been erected in the village, and this colorful sight of scores of amateur photographers who visit the camp at all hours looking for "shots" that are different.

The program opens Thursday morning, July 19 with a full-dress parade from the camp grounds to the courtyard of the Banff Springs Hotel. Enroute to the hotel the Indians stop at the bridge where their beaded and buckskin costumes are judged. The prizes are presented after they have passed in review through the hotel courtyard.

The Indians then return to the camp for the afternoon program of championship cowboy contests. No one but Indians are allowed to compete, and all gate receipts received at both sports and concerts are channelled back to the Indians who take part in the event. In addition, and Indian families on the grounds are supplied with "rations" free of charge.

In the evenings, the Indians return to the concert grounds just east of the hotel, where a number of ceremonial teepees are erected to form a fitting background for the tribal concerts held nightly.

Here the best singers and dancers of the three bands of Stonys, Chiniquays, Bearpaws and Westleys take part in the program. They sing their tribal songs in their native tongue. There are vocal solos and choruses. When the drums beat out the war dance, even the oldest members of the tribe join in.

When the Prairie Chicken dance is called, it is the young bucks who come forward, dressed to imitate prairie chicken and their clever gyrations never fail to bring loud applause from the audience.

Regular programs will be held Thursday, Friday and Saturday, both afternoon and evening. Sunday is given over to the Indian idea of fun and sport. There are teepee pitching contests, tug-of-war on horseback, bow and arrow contests, an Indian version of "musical chairs" on horseback, and many other exciting contests.

While no whites participate in the events, a committee of Banff citizens assist in the organization and the actual administration of the four-day show.

For many years the committee was headed by Norman Luxton, veteran Indian trader and newspaperman of Banff. While no longer associated with the event in an active capacity, Mr. Luxton remains on the committee in an advisory capacity, and he is just as keen over the event today as he was when he first became associated with it many years ago.

Agricultural
SERVICE
BOARD
NOTES
W.K. Snyder,
Field SupervisorSWEET CLOVER
WEEVIL CONTROL

The sweet clover weevil, a small insect whose principal host is the sweet clover, is becoming firmly established in Alberta. This crop is useful for pasture, hay, soil improvement and bee pasture. If this important legume is to be retained the sweet clover weevil must be controlled.

Cultural Control
1. Till the ground shallowly in late July immediately after removal of the sweet clover hay crop. This exposes the developing beetle larvae and pupae stages to the drying effects of the sun and air. Up to 80% of the weevil population can be destroyed by this method. In addition the land receives a partial fallow.

2. Plow the land to a depth of 5 or 6 inches to bury the larvae, pupae and adults. If the top soil is buried deeply very few can emerge.

3. Separate new plantings of sweet clover as far as possible from plantings of the previous year.

Chemical Control
1. Three quarts of emulsifiable DDT per acre.

2. From 2 to 3 ounces of actual active ingredient of Aldrin per acre.

3. Three quarters of a pound of active chlordane per acre.

Any of the above mixed with water so that the quantity mentioned of poison would be spread over the field in about 8 to 10 gallons of water. Heavy volumes of water per acre give better coverage on all foliage on which the weevils are feeding.

Caution
Keep livestock away, especially milk cows, from grazing on treated vegetation for at least ten days after treatment. Aldrin, particularly, is quite poisonous and must be used with caution.

We suggest that you look over your sweet clover fields now to ascertain whether you will need to adopt any means of controlling the sweet clover weevil.

DESCENT INTO SIN

The Pastor announced that the collections were not adequate for a special church purpose.

"We have tried," he said, "to raise the money in the usual way. We have made an honest effort. Now we are going to hold a bazaar."

WEDDINGS

YOUNG-BIRDSALL

A pretty June wedding took place in Crescent Heights United Church, Calgary, when Miss Stella Brown Birdsall, youngest daughter of Mrs. Christina J. Birdsall and the late William Elliott Birdsall, was united in marriage to Mr. George Standish Young of Westward Ho, and formerly of Ontario, Rev. E. H. Birdsall of Central United Church, Edmonton, eldest brother of the bride, performed the ceremony.

Miss Dorothy Clayton of Rocky Mountain House was bridesmaid, and Mr. G. Smith supported the groom.

Miss Muriel Patis of Moose Jaw, Sask., was soloist, accompanied by the church organist, William Birdsall, youngest brother of the bride, was usher.

The bride and groom wore matching tailor-mades. A reception was held in Picardy's Rose Room where Mr. J. E. Birdsall of Edmonton proposed the toast to the bride, and the groom responded fittingly.

Mr. and Mrs. Young left by motor for Waterton Lakes and the States,

returning home by way of the Crow's Nest Pass, through Banff and Calgary. They will reside on the groom's ranch at Westward Ho.

MARRIAGE ANNOUNCEMENT

Mr. and Mrs. L. Sanderman announce the marriage of their daughter Norma to Mr. Fredrick (Gerry) Simington, only son of Mr. and Mrs. F. G. Simington of Calgary, on Tuesday, June 26, at Calgary.

After a trip to the Western States Mr. and Mrs. Simington will reside at Cremona.

SWALM - PAULUS

At four o'clock on Saturday, June 9, 1951, Miss Eunice Onedia Paulus, eldest daughter of Mr. and Mrs. Clarence Paulus of Rosburg, Ohio, was united in holy wedlock to Mr. Norman Willard Swalm, youngest son of Mr. and Mrs. Noah Swalm of Didsbury. The ceremony was performed by Rev. F. Huffman in Englewood United Missionary Church with Rev. A. Taylor assisting.

Given in marriage by her father, the bride was charming in a white satin gown accented with dainty beadwork on the collar. Small satin covered buttons lined the gown to the waist where the full skirt fell into a train. Her fingertip veil was held in place by a lacy halo, and

she carried a small white Bible covered with white flower streamers. The bride was attended by her two sisters, Misses Lois and Beulah Paulus, wearing gowns of rose and aqua taffeta with matching head-dress. They both carried small nosegays.

Little Sharon Riffel looked very sweet in a yellow sheer floor length gown, and she carried a large basket of varied flowers.

Mr. Elvern Swalm, brother of the groom, and Mr. Kenneth Parsons of Detroit, Michigan, stood up with the groom.

Mr. Willard Hallman of Mishawaka, Indiana, sang "Together with Jesus," "Because" and "The Lord's Prayer." He was accompanied by Miss Charlene Everest of South Bend, Indiana, who was gowned in blue taffeta.

The guests were ushered to decorated pews by Mr. Jesse Seeker, cousin of the bride, and Mr. Franklin Riffel of Mishawaka, Indiana. The church was beautifully decorated with candle-light and flowers.

The bridal couple and wedding party received approximately 100 guests at a reception held in West Milton, Ohio.

Mrs. C. Paulus, mother of the bride, wore a navy and white polka-dot dress with black accessories and a corsage of white carnations. Mrs. N. Swalm, mother of the groom, wore a triple sheer dress of dusty rose. She complemented her dress with white accessories and a corsage of white carnations.

For their honeymoon in Ohio the bride chose a pearl grey gabardine suit complemented by white and navy accessories.

Upon their return the happy couple took up residence in Mishawaka, Indiana, previous to coming to Alberta in the fall where Willard will take up pastoral work in the United Missionary Church.

ALBERTA'S AGRICULTURE HALL OF FAME

The ceremony to open the Hall of Fame to admit the first five members was held in the Legislative Chamber of the Parliament buildings on Tuesday afternoon, July 17 at 2:30 p.m.

His Honor the Lieutenant Governor and the Premier of the Province took part in the agriculture proceedings.

Those admitted to the Hall of Fame were: Frank Collett, Calgary; Claude Gallinger, Edmonton; the late Joe H. Johnston; Charles S. Noble, Nolleford; and the late Dr. Henry Wise Wood.

Representatives from many agricultural organizations in the Province were present. The galleries of the Legislative Chamber were open to the public.

Following the ceremony to admit the first members to the Agricultural Hall of Fame, the Honorable Mr. Manning unveiled the plaque which was set up in the Parliament Buildings to commemorate the services of those to whom this honour has been awarded.

CHRISTIAN SCIENCE

The fact that life is not material, but mental and spiritual, will be dealt with Sunday in Christian Science churches. The Lesson-Sermon is on "Life," and is comprised in passages like these: "In the way of righteousness is life; and in the pathway thereof there is no death." (Proverbs 12:28) "Life is deathless. Life is the origin and ultimate of man, never attainable through death, but gained in walking in the pathway of Truth both before and after that which is called death." (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 487).

LEAP OF DEATH

The Leap of Death or aerial Criss-Cross is being presented at the Olds Fair Grounds on July 27 by the Congress of Hollywood Dare Devils, and is executed by the iron-nerved Gill "Boho" Canup and his 1951 Stock Model Ford Sedan goes hurtling through space, another 1951 open convertible passes directly underneath and at the wheel is Canup's nerveless associate Jimmy "Thunderbolt" Curry. This stunt calls for absolute accuracy in timing for the take off and landing from ramp to ramp for "Boho," and also calls for the same split-second timing accuracy for Curry in his effort to pass directly underneath the Flying Ford at the correct time. This spectacular act is really a rendezvous with death, and is the closing feature of the show, climaxing a thrilling packed production in which 25 individual heart disturbing acts are presented.

NEW FOREST CHAMPION

The giant Douglas Fir is still the king of the British Columbia forests, but its days are numbered. Its leading position will eventually be taken over by the once despised Hemlock. The latter and similar species will feed the mammoth new chemical industry.

There is a vital difference between the dynasty of the Douglas Fir and that of the newcomer, the Hemlock. Because it took hundreds of years to mature, once it was cut the Fir was largely gone and until recently there was little hope of any substantial replacement. But that won't happen with the much quicker growing Hemlock and similar kinds. Stands of these are to be cropped regularly and permanently, like wheat.

Harbor dues and dockage rates were raised 25 per cent in most of Canada's major ports on July 1.

Quite a number of those attend-

ing the Calgary Stampede on Saturday were taken by surprise on returning home that night, especially those who live west of town, to find roads, bridges and culverts washed out. Along with the telephone out of order many folks spent anxious moments wondering about the situation. However right in this district little damage was done by hail; it is hoped to have the roads made passable in a few days as crews are on the job now.
